Don Diller  
Kreider and Diller Builders, Inc.  
1936 Columbia Avenue  
Lancaster, PA 17603

Dear Don,

On behalf of Lennar I would like to extend a thank you to Kreider and Diller Builders for the work performed on the Hawthorne Ridge Community Center. The level of expertise and craftsmanship was exceptional and realized throughout the life of the project. The Hawthorne Ridge Community Center was historically sensitive in nature and required a high level of building expertise to complete. From the early stages involving structural design, preserving and resurrecting salvaged materials, all the way through trim and finishing touches your commitment to quality was observed. Kreider and Diller Builders delivered the project on time and exceeded our expectations. It was a pleasure working with you and your team and look forward to a future project together.

Sincerely,

Joe Caughy  
Development Manager
