

To whom it may concern,

The Westover Companies has employed Kreider – Diller for several years, starting with a 3000 square foot rental center at our Park City Apartments in Lancaster Pennsylvania. Since that job, they have completed two more rental centers, and are beginning work on another two centers for Westover. Additionally, they are in the final stages of completing the total exterior renovations of three apartment buildings that are also located at our Park City Apartments. We have found that they are reliable, trustworthy, and have our best interest in mind while they are completing their work for us. Their pricing is very competitive and all-inclusive when bidding work for us. I would highly recommend this company to anyone looking for a contractor that does great work.

Sincerely,

A handwritten signature in blue ink that reads "Ken Coffman". The signature is written in a cursive style.

Ken Coffman
