TO WHOM IT MAY CONCERN:

We recently completed the construction of a 7,200 square foot retail building contracted through Dan Wiegand of Appleseed Building Company. Our experience with Dan and Appleseed from start to finish has been outstandingly good in every respect.

Dan was very easy to work with and spent a lot of time listening to our thoughts and ideas. He made many helpful suggestions that improved several aspects of our project. Dan completed all of the necessary drawings for our project and piloted everything through the appropriate channels for various city and county approvals and permits. Everyone with whom we interacted spoke very highly of Dan and his ethical standards. This was quite an encouragement to us throughout the building process.

We were very pleased with the quality of the work provided by each of Dan's subcontractors on our project. We found them easy to work with and responsive to our requests. Dan made sure things were done on schedule and kept things moving to a timely completion of our project.

We can, without reservation, highly recommend Dan Wiegand and Appleseed Building Company for construction projects of any size. His knowledge, efficiency, and professionalism as well as his congenial personality made working with him an enjoyable experience.

Sincerely yours,

Donald A. Boliantz
