Dear Mr Crawford,

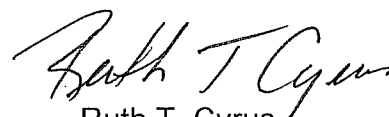

It is with heartfelt gratitude that I thank you and Crawford Tracey Corp. for making the 2009 Dwight Stephenson Foundation Hall of Fame Golf Classic a huge success. We had a sold-out event with 124 golfers and 34 celebrity participants. But most importantly, we raised close to \$100,000 to benefit the children and families of South Florida. We would not have achieved this success without your support.

We are excited about distributing the funds to the various organizations that we support, including The American Diabetes Association, The Boys and Girls Clubs, United Cerebral Palsy of South Florida and the Urban League of Broward County. We'll keep you up-to-date on how this important work is proceeding with periodic press releases and announcements on Foundation initiatives. More information can also be found on our website at www.dwightstephenson.org.

Thank you once again for your support and we are hopeful that we will have your support yet again for our 2009 event.

Very truly yours,

Dwight Stephenson
