Dear Jeff,

I wanted to take this opportunity to thank you and in particular, Alex, for the work you did on the bulkheading here in the parish. I know you ran into a number of problems, not with the job, but with the Town and the DEC. And that of course delayed completing the project. But in the end it really looks good and we have received a number of compliments from parishioners; something I wanted to pass on to you.

Please be assured of the fact that we appreciate the work you did and I just wanted to – along with the final payment – express my thanks.

Sincerely,

Msgr. T. Peter Ryan
Pastor
