Gentlemen,

I just wanted to send over a quick email in regard to the crew that was sent out to perform the swim-by inspections of the Hercules 214 and Hercules 173.

The crew did an excellent job on this project and performed above my expectations. The inspections were done thoroughly but quickly. I was impressed with Mr. Heller and Mr. Walker's inspections and very glad to see that your divers are being trained well. I appreciate having a quality vendor that consistently performs at or above our expectations. Thank you and I look forward to working with US Underwater Services in the future.
