Good Morning Chris,

I hope you are doing well! I just had to write and tell you what an excellent job you guys did on the GSF Grand Banks report. Best dive report I've ever had the pleasure of reading, and Winston has similar sentiments. In fact the whole dive op was supervised and conducted in a very professional manner and I hope I get the pleasure of working with you boys again in the future. So in case you don't get praised as often as you should, great job and feel free to use this email as leverage to get a raise for yourselves, or at least some much deserved time off! If I could I would recommend USUS to every one of our clients, unfortunately as Class we're not allowed to do that Haha!
