To whom it may concern:

As a General Contractor and owner, we continually are looking for ways to improve our business and how it operates. We originally signed up for the Blue book as a form of advertising, but now the Blue Book is offering several products to help us improve our business capabilities. BB-Bid, SyncWare and VU360 is enhancing our capabilities and the best part it is free! We, at Opcon use and highly recommend the Blue book. If you have any questions about this please feel free to contact me at any time.

Respectfully,
