Re: Small Business Enterprise Certification

Dear Mr. Mondragon:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Small Business Enterprise (SBE) as required under Metro's SBE Program. Your firm will be listed in Metro's SBE database of certified SBEs under the following specific areas of expertise:

NAICS (2007)	Description
238120	Structural Steel and Precast Concrete Contractors
238190	Other Foundation, Structure, and Building contractors

Your SBE certification is good for five years from the date of this letter and applies only for the above NAICS 2007 codes. Any additions and revisions must be submitted to Metro for review and approval

After the five-year certification period, your entire file will be reviewed in order to ascertain continued SBE certification status. You will be notified of the pending SBE status review and any documentation updates necessary prior to the expiration date.

Also, should any changes occur that could affect your certification status prior to receipt of the renewal application, such as changes in your firm's name, business/ mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your SBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Metro.

Congratulations, and thank you for your interest in Metro's SBE Program. Should you have any questions, please contact us at [213-922-2600](tel:213-922-2600). For information on Metro contracting opportunities, please visit our website at www.metro.net.
