Re: FRC, Fundisa Restoration Company, Inc.

To Whom it may concern,

I would like to take this opportunity to offer my complete and total support for the quality work offered by FRC, Fundisa Restoration Company, Inc.

FRC recently completed a mold remediation job in a condo of mine, and their work was outstanding. The job was completed to a very high level, on time and within budget, and with very little or no inconvenience to me.

Mr. Angelo Salamanca (owner) and his staff were dedicated and extremely professional. They were also very courteous and knowledgeable, addressing any concerns and questions I had.

I highly recommend FRC and Mr. Salamanca for any restoration project. They did a wonderful job for me, and I have no doubt that your experience with them will be the same.

If you have any questions, please contact me.
