Courtney Parrott

Account Manager

Southwest Houston

The Blue Book Building & Construction Network

Dear Courtney,

I want to thank you for giving our business the boost it needed. As you know, being a General Contractor is extremely competitive and it can take years to develop relationships in order to get and keep valued customers. Your determined efforts and attitude towards our business has put us at the front door of customers that it would have taken years to reach.

Thanks for being a person of commitment and integrity, which seems to be a rare find these days. Your latest referral to Cloverleaf was a great fit for us as a contractor; we should be finished with the apartment complex next week.

Sincerely,

Joddie Kesse
