Good morning David,

We really got a lot out of the Showcase yesterday. Your presentation was very helpful to us as new clients. We wanted to thank you for Bluebook's dedication to its clients. Lisa has demonstrated this many times since we started with Bluebook just a few months ago.

She makes visits, calls and lets us know about events that can help us grow. She's working hard for us (we feel she is part of our team) and we appreciate her and Bluebook very much.

Sincerely,

Wendy Bieberle
