Dear valued partner,

We would like to alert you to a fast and easy way to share your qualifications with us and request that you take advantage of this new tool. The Blue Book Network has introduced "ProView" as a solution for General Contractors to quickly find the answers we need when searching for and qualifying companies.

Going forward, **Harbco General Contractors** will be utilizing ProView to find the critical information we need fast. Please make sure that you have a complete and up-to-date ProView so that we can streamline our qualification process.

If you need more information on how to ensure your company's ProView is current and complete, please contact your local Blue Book Business Development Consultant, **April Accor at 407-340-4653** or click here to complete a request form.

Thank you in advance for your co-operation. We look forward to working with you in 2014 and beyond.
