9/14/14

**Dear April Accor,**

I would like to start by saying Thank You for helping our company expand and get our phone ringing for work. We actually meet at a Sponsored Blue Book Networking event that was held at the Tampa Bay Stadium. After we talked on the phone we set up an appointment (this was back in mid May 2014). Since being in thebluebook.com and having our information at the fingertips of these GCs we have been able to land 2 jobs so far. We are a small-owned business so it was very hard for us to get work at the beginning before being listed on thebluebook.com. The company has made so many connections that we wouldn't have made if we were not listed in the blue book. Even though it has only been 2months being in the bluebook it has helped our business grow and will continue to help it grow in the near future.

So I would just like to say THANK YOU from Unique Painting Professionals, LLC and the team!!!

Sincerely,

Nicole Banks - Owner
