Sara,

I just wanted to take a moment and thank you for all of your hard work putting together the Who's Who Showcase last Thursday. It was a great experience for our team and extremely beneficial to putting faces with names and expanding our company directory. Within the first hour of the Showcase we were able to hire a surveyor and a paint subcontractor on projects where we had not had success previously.

This was our first time exhibiting at your event and we are already planning next years. I cannot begin to express our gratitude for The Blue Book for orchestrating the entire event. We left with over 100 new qualified contacts.

We also greatly enjoyed Coty Fournier's lunch and learn. She was powerful, motivating and very informative. One of our PM's went right up and bought her book on the spot.

Thank you again for everything!!

Warmest Regards,
Katie Maquet
Bid Coordinator
