Phoenix, AZ 85210

Dear David:

I know Lee Freeman signed up through you before I came on board with the Freeman Built Contracting and I have been impressed with your quick response when we request your assistance in areas we have questions or need assistance.

You have helped me when I have questions with the BB software or when we are looking for subcontractors or general contractors to assist our contracting operations when our forces are to capacity. In previous discussions, you have been ready to assist me when we bid out future development/construction projects. My working relationship has been one of growth with you and I appreciate it.

Our core business areas are growing and your assistance in looking for vendors or contractors has been beneficial to us. Our goal to become active in the RE development/construction arena again is the next area we may enlist your assistance as we begin the bidding process on larger projects in the metro Phoenix area.

We look forward to continuing our working relationship with you during the future.

Sincerely,

John Elger
