

*“Specialist in Fuel Distribution Systems,
Automotive & Lubrication Equipment “*

Dear Tara:

Thank you so much for working with us this year! It has been a tough year for us, but business is picking up and we are working on some larger projects.

It is very important for us to continue to be in the Blue Book. We are a very specialized company that works with fueling systems, and we need to know when projects are going to bid. This is a small industry but there are always out of state companies that are looking for our services and they can find us by going online to your website.

We look forward to an even better year in 2014 as growth is expected in our industry. We will continue to be a Blue Book member and appreciate all the help you have given us!

Sincerely,

Catherine A. Acton
