Dear Tara:

I am writing this letter to inform you of how happy we are with our decision to come back into Blue Book. We used to be with Blue Book for several years in a premium position and that is where we most of our project leads came from! We have always received a good number of phone calls from local and out of state companies looking for companies to bid their work.

Due to the economy I had to close down our company for a while. I realized the importance of being back in Blue Book and called you to get back in right away! We are very pleased with the number of projects that we get through the system and really like the new Proview tool. It really showcases your company information and shows images of projects that we are working on.

We look forward to many more successful years partnering with the Blue Book!

Sincerely,

Jeremy O'sheel
President
