Randy,

Thanks a million! We did get the job with Aeon and Clark. He says if he likes our work (the easy part) then he has 6 of these to build. Thanks a million!

Oh and I think this year I should make the showcase barring any last minute disasters.

Hey,

Be looking for a call from Clark Benson from Aeon Development. I put you on a short list. He is putting a team together for TI work in the northwest. See below:

The project that is first on our list is a 2,900 sf Tennant Improvement.

I would especially welcome your input regarding millwork, doors & hardware, drywall and MPE subcontractors.

It is a full TI so any input on finish subcontractors would also be helpful.

I look forward to hearing from you again. .

Thank you

Clark Benson
