

ROSS & ASSOCIATES LTD.

Design/Build & General Construction

December 05, 2013

Jim,

I am writing you a quick note to thank- you for exposing Ross & Associates, Ltd. to ENEL POWE NORTH AMERICA out of Massachusetts. They are a large energy company from the East Coast that needed a facility constructed at their existing wind farm in Hardwick, MN.

We received a phone call from them a few months ago and after discussing their needs for a while, I asked them how they heard about Ross & Associates, Ltd.? His response was THE BLUE BOOK!

Ross & Associates, Ltd. is in the process of constructing one facility with plans for two additional facilities.

Thanks again for helping Ross & Associates, Ltd. grow our business!

Sincerely,

Robert Duffy – Vice President
Ross & Associates, Ltd.
