RE: Success with TheBlueBook.com

Marsha,

I just wanted to send you a quick note to express how happy we are with our relationship with TheBlueBook.com! Jackson Steel has enjoyed meeting new clients through our advertisements with you guys. Through direct new contacts that can be attributed to TheBlueBook.com, Jackson Steel is on track for a 2nd consecutive record breaking year in sales. This is pretty significant, seeing that we are in our 62nd year of business. I am thankful that we have made this connection with TheBlueBook.com and that we continue to see the return on investment.

Best Regards,

Duane Jackson, VP
