To Whom It May Concern,

Amp Electric completed a 12000 SF Nike Factory Store for Alliance Retail in 2017. They worked closely with the Superintendent throughout the 12-week project, completing on time and within budget.

As the President of Alliance Retail and Project Manager for this build out, I can highly recommend Amp Electric and their crew for any size project. I have personally completed over 12 Nike projects and Amp Electric was not only a pleasure to work with, but one that responded quickly to any additional work requested or situation that arose.

Please feel free to contact me at the number below if you would like to discuss Amp Electric's performance in more detail.

Sincerely,

Linda Stallings

President
