Good Afternoon Charlyn,

Yes, we did have Florida State Fence install a permanent fence, in December, 2014.

Just 1,050 feet.

I don't see you asking whether I would recommend them or not, but assume our opinion can't hurt.

They did a spectacular job, kept me informed and worked exactly when they said they would.

They finished $\frac{1}{2}$ day ahead of schedule.

Hopefully this information is useful.

Best,

Frank
