

To Whom It May Concern:

As senior concept construction manager for Brinker International's, Maggiano's, I was responsible for Maggiano's nationwide expansion. Each restaurant had its own challenges and when Frank Lott was on the job, I knew the challenges would not become major problems.

Project after project, Frank Lott proved to be a great GC. His wide experience building restaurants enabled him to navigate through some very tough issues. His projects are always on time and on budget. But what mattered most was Frank's ability to problem solve and his hands-on style of managing a project.

I highly recommend using Frank Lott for any restaurant concept. I'm glad I had him on my jobs.

I would be happy to speak to anyone about Frank Lott.

Sincerely,
