Mr. Steve Matilsky  
Matilsky Construction, LCC  
62 Jolen Drive  
Hillsdale, New Jersey 07642

Steve,

I am writing this letter to express my complete satisfaction with the construction work your team and subcontractors recently completed within our facility.

From the start, your firm provided us with a detailed proposal for the project with all costs included, you answered all of our questions, and offered us cost saving suggestions. Upon award, your team applied for the permit so we could get started as soon as possible. During the project, additional work developed and the Matilsky team took care of these additions/changes for us immediately.

The work was performed in a professional manner and most importantly completed on time and on budget. The experience of working with you has been such a pleasure and the quality of the work is outstanding. Also, the communication throughout the project was top notch. When we needed something you always answered our calls or stopped by our office.

I would **highly** recommend Matilsky Construction to anyone looking for the right company to handle their construction project. Well done!
