I needed a new roof and Alick Smith General Contractor Inc. is the company I chose to do the work. Along with that, I needed new concrete for the top of my chimney and hidden hangars for my gutters.

Member Comments:

I signed the contract and then set up the date for the new roof. The men arrived at the time I was told they would be here and were extremely efficient and polite. I was surprised at the size of the crew. They were careful of my landscaping and cleaned up all the debris. They took the time to answer all my questions. I am very satisfied with the job.
