"I have used Orange County Fence for two residential jobs, and I couldn't be more pleased with their professionalism and their performance. From the field estimator and work crew to the business office it was a great experience. They provided the best price, they arrived as scheduled, they told me how long it would take, and they left their work area clean. The new fences are spectacular. This company is top notch and I look forward to doing business with them in the future. Thanks again Orange County Fence for making my job easier."
