RE: POTABLE WATER TANK HOUSING

Once again under the direction of Kevin Mc Hugh the above captioned project was completed on schedule. We are pleased with his staff who worked diligently to complete all the details as designed by the Architect. The project consisted of the following:

- Masonry (Procurement of selected materials per specification)
- Masonry (Installation of structural components with selected Brick)
- Waterproofing (Applied by Certified Installer in which Kevin maintains certification)
- Carpentry (Structural framing with fire resistant sheathing)
- Carpentry (Azek board with trim detail approved by Architect)
- Doors and Hardware (FRP Door with specified hardware installed and approved by Architect)
- Fire rated MDF board installed on interior cieling.
- Painting completed with specified materials and approved by Architect.
- Metal Roof system installed per manufacturers drawings and specifications.
- Chain link fence with layout of posts and rails .

Kevin with his experience and knowledge of 30+ years lead his men to complete the project in a timely manner. We recommend Absolute Contracting Inc. as your next contractor for a timely on budget completion.

Sincerely,

Jerry Calvi, Project Manager
