

I contracted the services of Absolute Contracting in December 2014 to do the back-splash in my kitchen. When i first contacted Absolute to inquire about their services, i found them to be very knowledgeable and well-informed about their product and design scheme. They explained to me what products would compliment the design features of my kitchen. My personal style is traditional and i wanted the product placement to be classic and timeless. Once we agreed upon the design features to incorporate in my kitchen, Absolute began working immediately. They were available to work at a pace and schedule that was convenient for me. Within 48 hours, my kitchen was transformed. It felt brand-new. I was so impressed with the work that they had done. Not only was their services affordable; Absolute was professional. They respected my home. They wore protective covering on their shoes to not soil or dirty my home. They cleaned all the counter surfaces and left my kitchen SPOTLESS! Wow! I'm completely satisfied to have had Absolute perform work in my home. Their sense of professionalism, affordability and workmanship suits my style. My Husband and I have already contracted their services to complete our basement.
