

Dear absolute Contracting. We just wanted to drop you a note to thank you for all the work you did to help us complete our ... fantastic PERFORMANCE KITCHEN... We cannot really describe how wonderful our kitchen is. It's very different from most kitchens we have seen – totally custom and fits perfectly with our house and lifestyle. You designed every detail to perfection from the neat angular design of the island to the great 2-level center island. The color scheme and styles were carefully designed by you – you even came up with a great lighting plan that gives us all possible options and moods! When guests see our kitchen they have only good things to say. I cannot believe it was completed in only a mere 4 1/2 weeks. You were able to utilize the limited spacing we had to perfection. Great job and I would 100% recommend for the future. I look forward for you working on other projects for us.

Thanks,
Lamar Duncan
