Good Morning Mark,

Roseto Borough had a contract with J. P. Mascaro & Sons for fifteen years. After a brief one-year change in haulers, Roseto Borough has now again awarded and executed a five-year contract with J. P. Mascaro & Sons. We are very pleased to have re-established our business relationship.

J. P. Mascaro & Sons provided us with fifteen years of service. We received professional customer service during the course of those years of contracted service. We currently are receiving the same customer service under our new contract. We continue to have excellent customer service and cooperative positive interaction whenever we need assistance from the company.

We look forward to continuing with the same service throughout the remainder of our contract.

Sincerely,

Cathy Martino
Roseto Borough Manager
