

12/3/2014

Dear Sam and Joe,

We just want to thank you for coming and helping us learn more about Blue Book.com

We all really enjoyed it and learned a great deal. I got a lot of great feedback from all of the attendees!

As you know we have been using The Blue Book Network for years when we worked in other parts of the country. I don't know how we could have done the work throughout the country without Blue Book. We have always been impressed with your network, but now we are very excited that you expanded your services to Wisconsin. We plan on using your Thebluebook.com and BB-Bid on a regular basis now in Wisconsin.

Again we want to thank you and look forward to working with you in the future!
