Sundance Vacations highly recommends Champion Builders. Proof of our absolute satisfaction with their work is the fact that we have used them repeatedly for many large and small construction projects since 1999. The staff at Champion is honest and transparent with regard to pricing, professional and timely in the completion of a given project's scope of work, and they are master craftsmen in their trade.

Construction completed by Champion Builders at the Sundance Vacations' corporate office won the 2009 Pride of Place award given by the Wilkes-Barre Chamber of Commerce.
