To Whom It May Concern,

I began working with Omer Mahmood with True Power Solutions while managing another Homeowner Association. This company was so successful in correcting a problem that no other electrician could overcome, that he has remained my "go-to" for all electrical repairs.

I have had True Power Solutions work on several electrical projects in Copperstone.

I would highly recommend True Power Solutions for your electrical repair needs.

Sincerely,

Lorraine J. Thomas, LCAM

Oakleaf Hammock

To Whom It May Concern,

I met Omer Mahmood with True Power Solutions in the Fall of 2013. I gave Mr. Mahmood some electrical work in Oakleaf Hammock, a Homeowners Association I was managing at the time.

Not only did True Power Solutions take care of the ongoing issues I was having in the community, but solved the problem and saved the Community thousands of dollars.

I would highly recommend True Power Solutions for your electrical repair needs.

Sincerely,

Lorraine J. Thomas, LCAM
