RE: Approved Applicator Status

Dear Mark

This letter is to confirm that Custom Concrete Prep & Polish is considered and approved applicator of Retro Plate 99. We have an excellent personal and profession experience with you Mark and look forward to working on new and retrofit projects together.

Please refer to all our published literature, guide specs and data sheets on line. We are proud to offer a full line of crack and spall repair, guard and diamond abrasives. Including our CreteClean detergent for everyday cleaning and long term maintenance.

We are always happy to meet with owners and architects or prepare specifications. Let us know how we can help make all our floors shine.

Sincerely,

Bob Cujé  
Colorado Agent for Retro Plate
