To Whom It May Concern

RE: Seabreeze Electric

It has been the privilege of Lakeview Construction to work with Seabreeze Electric during our open remodels in the south this year. They are onsite when they say they'll be, their paperwork is always turned in promptly, and always get the work completed within our schedule. We would recommend any general contractor to hire Seabreeze Electric for their electrical needs. It is our opinion that Seabreeze is qualified to perform the projects they wish to pursue. At their request, we will give a favorable review and recommendation to them.

Respectfully,

  
Shanda Hess  
Project Coordinator
