

ANTHONY ECKELBERRY
ARCHITECT

December 8, 2015

To whom it may concern:

I have worked with Hoyt Holmes and his construction company H.W. Holmes, Inc. on several projects over the years, starting with complex tenant improvements in Beverly Hills.

Hoyt has also built restaurants and residences in Los Angeles and Ventura counties that I designed.

Working with Hoyt is a pleasure as he is always ready to solve any issues that come up and he is an asset for the owners since projects will move more smoothly with his attention to detail.

Hoyt has an enthusiasm for craftsmanship which has resulted in projects coming out even better than as designed.

I highly recommend Hoyt Holmes and please feel free to call or e-mail me with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'A. Eckelberry', with a stylized flourish at the end.
