

My relationship with Hoyt Holmes of HW Holmes Inc. has spanned approximately 5 years. Hoyt has provided his General Construction and management skills for many restaurant projects. My firm, Design Development Company, provides full service restaurant design and working with Hoyt and his group is always a pleasure.

Hoyt and his firm are very familiar and experienced with providing, coordinating and managing the project from start to finish, seamlessly. He just makes our job easier.

I highly recommend HW Holmes Construction.

Sincerely,

Ron Lieberman

President
