## **CONCORE AND THE CORONAVIRUS (COVID-19) PANDEMIC**

**SAN FRANCISCO CA**, March 19, 2020 — Combatting the Coronavirus (COVID-19) pandemic is now a global health priority. At Concore we take this situation very seriously and are committed to doing our part in any way possible to help prevent the spread of Coronavirus. We are actively monitoring updates from the CDC, state, counties and cities in which we have construction projects underway to help us and our subcontractors manage through this rapidly evolving situation.

All activities at Concore job sites have been suspended and all of our subcontractors have been directed to cease work entirely as long as necessary. However, we are working closely with our property owners and city building officials to complete any critical life/safety activities necessary to ensure that no job site is left unsafe or unsecured.

Our employees' and subcontractors' physical and economic health, along with that of our surrounding community remain central to us, and shelter-in-place orders can only be effective if everyone complies 100%. In this light, all Concore personnel will be working from home as long as is needed. Additionally, to encourage hourly/daily workers to comply with shelter-in-place orders and still maintain their lives as normally as possible, we are releasing payment to subcontractors just as if they were working.

Our hearts and thoughts go out to the people who have been affected by this unprecedented event. We appreciate the healthcare workers, local communities, and governments around the world who are on the front line working to contain Coronavirus and are committed to supporting our community in this time of need.

### **About CONCORE Development Group**

CONCORE Development Group, Inc. is a full-service construction management company in its fifth year of specializing in commercial build outs for clients in the San Francisco Bay Area. As a licensed general contractor with years of experience in office, retail and hospitality build outs, our focus at CONCORE is to assist our clients in defining and reaching their construction project objectives through tailored design solutions, built to sustain in the most cost-effective and time efficient way possible.

At CONCORE we customize our broad array of capabilities to meet each client's specific needs — for any and all phases of a project. Our flexibility allows us to provide individual design and construction services, as well as fully-integrated and managed projects from initial concepts to occupancy.
