

## Social and Business Marketing Post

Monday, March 23, 2020

689 Characters

COVID-19 continues to affect everyone in the San Francisco Bay Area. We are monitoring the situation daily and are keeping our team of professionals and subcontractors off job sites, encouraging everyone to stay at home and stay informed. Here's a reliable source of up-to-date information we found for residents in our community, made available and free to read by The San Francisco Chronicle at: <https://tinyurl.com/r5jszo5>.

Be vigilant, safe and stay at home. Together let's get past this adverse time and look ahead to when we can work collaboratively and cooperatively to recover fully and rebuild quickly.
