

BAY AREA'S CONSTRUCTION MORATORIUM

Concore recently voluntarily suspended construction projects to aid in the control of the COVID-19 pandemic. "Shelter in Place" orders now mandate that only certain projects can take place. A post from Sheppard Mullin (<https://tinyurl.com/rhcnlvr>) provides a list of permissible projects.

We're committed to helping curtail the spread of the novel coronavirus and will resume operations when it is determined by the authorities to be safe to do so.

Be vigilant. Be safe. Stay at Home.
