

OSHA'S WORKPLACE GUIDANCE FOR COVID-19

OSHA has issued a COVID-19 guidance for workplaces containing recommendations and descriptions of mandatory safety and health standards specific to the current pandemic.

Critical workplace issues include:

- COVID-19 & how it spreads
- How workplaces can be affected
- Worker exposure risk reduction
- Safe work practices & PPE
- Levels of worker exposure

Download the guidance at: <https://www.osha.gov/Publications/OSHA3990.pdf>

Be vigilant. Be safe. Stay at Home.
