

To whom it may concern:

DoubleAA Builders letter of recommendation for Dirt Works contracting

We have used Sam Papanikolas and dirt works contracting for several years @ the Tucson market place complex. We have found their workmanship, quality, knowledge and safety to be among the best. They honor their warranties and go above and beyond to satisfy the customer. I highly recommend Dirt Works contracting.

Should you have any questions, please contact me at your convenience.

Sincerely,

Brian Lauer
