April 19, 1999

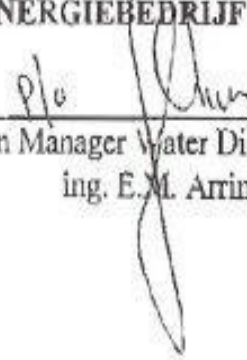

TO WHOM IT MAY CONCERN

This is to confirm that during April 6 - 9, 1999, Mr. Earl King of Hydro-tech instructed a group of our employees as to the use of the leak detector LD-10.

Mr. King and an assistant also guided a successful research at our harbor facilities, during which, several pipe line leaks were detected. We are pleased with the results of the above mentioned training and research and would highly recommend the services of Hydro-tech.

I hereby hope to have informed you accordingly.
