

SIMMONS ROCKWELL

September 20, 2002

To Whom It May Concern:

I am writing this letter of recommendation for Kevin Bragg and his company Chrisantha Construction Corp.

Chrisantha Construction has done several projects for my company's dealerships in the last 2 years. We have retained their services for everything from bathroom door repair to entire new complex construction. In every job we hire Kevin and his staff for, we have been entirely satisfied - Kevin and his staff have made sure of it.

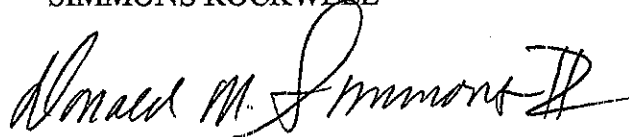

Chrisantha Construction comes in on time, on budget and makes accommodations to satisfy even the most difficult to please customer. Their work crews are neat and orderly at the site, and strive to keep the project moving ahead.

Our new Dodge Chrysler Jeep store, which was completed by Chrisantha in April 2002, is one of the most well built stores we own. We are so impressed not only with Chrisantha's competitive pricing and quality construction, that we currently have them building a new Auto Prep Center for our Big Flats, NY store, and also have future plans to use their services for other upcoming building projects.

I cannot say enough about how please we are with this companies services, and look forward to a beneficial relationship with Chrisantha and Kevin.

Sincerely,

SIMMONS ROCKWELL
