Dear Kevin,

Congratulations... finally someone in the construction industry that understands service, quality and relationship. From the inception of the project and our road trip to Binghamton, to the very end, it was a challenging, yet fulfilling and fun journey.

Working with you, your architect David and especially your building supervisor Mark, was professional yet pleasant and personable.

This is my third office project and I can say without reservation that I am extremely happy with you, your company and especially the tremendous end result.

My hat is off to you. Continue to set the standard. All the best and Godspeed.

Sincerely,

Rodney D. Littlejohn, D.D.S., P.C.
