RE: Remodel of Bruegger's Bagels & Jamba Juice – Melrose, MA

Kevin,

I am very pleased with the hard work and responsiveness of Mike Oliver, Jen Aalerud and Al Glaeser who completed the construction of our first ever Bruegger's Bagels bakery and Jamba Juice cobrand project in Melrose, MA. Thanks to them, and the team behind the scenes at Piece Management, the construction was done early which made for a smooth transition for our Operations team. Even when we changed things around or added equipment at the last minute, your team stuck with it and stayed positive with a 'Can-do' attitude. They came into work early, they stayed late. They did the small things and went the extra mile to satisfy our Operations team. I would be very pleased to have Piece Management on my team again and look forward to working with you on a future project.

Thanks for doing a fantastic job!

Sincerely,

Wyatt Moore
