### TO WHOM IT MAY CONCERN:

We own two medical buildings in the West San Fernando Valley area and an 11-story office building in Beverly Hills. For the last 15 years, N.K. Cabinets has done **ALL** the cabinetry work in these three buildings, with great professionalism and a high quality of work. Norik, the owner of N.K. cabinets, has always been pleasant to work with and has demonstrated great care and attention on every project.

It is without any hesitation that I recommend N.K. Cabinets.

Please do not hesitate to call me 310-274-9826 should you have any questions.

Sincerely,

George Nourafchan
