

MATTRESS FIRM®

Save Money. Sleep Happy.™

To whom it may concern

James Blackburn worked for DLP construction for more than 12 years. In his time there, he oversaw more than 500 interior finish outs for Mattress Firm. When James decided to start his own company, K2 Contracting, we were excited to grow our relationship with him. Mattress Firm/Mattress Pro plans on building more than 400 new stores this year alone and K2 Contracting will be a big part of that. There is no one that I trust more in the commercial construction industry.
