

14-May-15

To Whom It May Concern:

I write this letter of recommendation for Pari & Gershon Incorporated because it has been earned.

In 2014, in support of Bleyco, Incorporated electrical work to be performed on the Devil's Slide Tunnel Project, we needed a Water Pollution Control Plan prepared, employees trained, and inspections performed.

Ms. Jonas, Principal of Pari & Gershon Incorporated was retained to provide this service. Ms. Jonas immediately began work on the project. She worked on preparation of the plan and assembled the exact team of professionals we needed, including QSP/QSD, Professional Trainer and a Certified Inspector.

The value, speed, clarity and judgment of Pari & Gershon Incorporated have been more valuable than we imagined.

As a result of that experience I regularly refer other clients and projects to Pari & Gershon Incorporated. I now have an Engineering/Environmental firm that understands and practices the true concept of fiduciary and professionalism.

Very truly yours,

A handwritten signature in blue ink, appearing to read "S. Murphy", is written over a blue diagonal line that extends from the signature area towards the right side of the page.

Shawn Murphy  
Branch Manager - Benicia
